## Daily Nevada State Journal.

C. C. FOWNING, Editor and Proprietor.

## A NEW GOVERNOR.

In monarchical countries upon the death of a ruler, heralds proclaim the "King is dead," and in the next breath "Long live the King." While no such proclamation is made in our republic upon the death of President or Governor, it is a fact, nevertheless, that the moment the Executive of the Nation or State ceases to exist another takes his place. At present Frank Bell is the Chief Executive of Nevada and Evan Williams, President pro tem of the Senate, is Lieutenant Governor. Neither was elected to or received a vote for the office. Mr. Bell was appointed by Governor Stevenson to fill the vacancy created by the death of H. C. Davis, who was elected Lieutenant Governor in 1886. Now Mr. Bell succeeds to the Governorship and is authorized to appoint a Lieutenant Governor, and we have the anomaly of a State twenty-six years old with a Governor who never received a vote for the office, which shows what strange things may happen by reason of the death or disability of officials. —Silver State.

The Silver State is mistaken in a few of its statements. Under the peculiar wording of our State Constitution Mr. Bell is simply Acting Governor. He performs all the duties of the position, but is not entitled to the salary. Neither has he the right to appoint a Lieutenant Governor, nor is Mr. Williams the Lieutenant Governor. Mr. Bell is still Lieutenant Governor and as such Acting Governor. Should Mr. Williams die first and then Mr. Bell also die Nevada would be without a Governor. This is one of the defects of the present Constitution, and furnishes one of the many reasons for a Constitutional Convention.

## READY FOR WINTER.

Precautions Against Another Blockade in the Sierras—New Track, Sheds and Plows.

The snow blockade in the mountains last January was too expensive a thing for the railroad company to permit it to be repeated if it can be avoided. Lately forces of men have been bracing and rebuilding snowsheds and putting trestles and track in order. Respecting the present condition of the road Vice President Stubbs has lately written an Eastern correspondent to the following effect:

"We have put the Central in such condition that we are confident no delays nor discomforts to passengers will occur during the coming Winter, even though it should be as severe as last Winter, which, as is well known, was the heaviest season we have ever experienced. The condition of the Central Pacific track is better than it has been for many years. It is practically 60-pound steel, except on the mountain division, where all renewals have been made with 76-pound steel. Before the Winter opens we will have built over nine thousand feet of additional snow-fences on the Salt Lake division. In the Sierras we shall have replaced about a mile of snowsheds, covering the exposed section upon which we encountered the greatest difficulty last season. We have also taken down and rebuilt about three miles of other sheds. Beside the foregoing the entire line of snowsheds and galleries have been thoroughly inspected and repaired. In addition to the usual equipment of push snow-plows, which are most effective wherever there is room to throw the snow off the track, we shall have a complete equipment of rotary plows and from five to ten large engine plows. We have also a full equipment of track-layers, which have been remodeled so as to conform with the new standard, and are run by compressed air from the locomotive, making them much more effective in operation than those formerly in use. Generally speaking, if we had been as fully prepared last season as we are this season, our line would have kept open. We believe we have fully guarded against any possible interruption to traffic during the coming season."

When Depew read the story sent from San Francisco of the project of a new transcontinental line in which the Vandervorts were combined with Senator Stanford to do damage to the Southern Pacific system he declared that it was "nonsense."

Grover Cleveland has branded E. B. Pond, the Democratic nominee for Governor of California, as a fraud.

**Emerald County Ticket.**  
The Republicans of Emerald county have put forth the following ticket:  
For State Senator, John Forbes.  
Assemblymen, T. J. Harrington, of Candelaria, and Dr. Reed, of Hawthorne.  
Assessor, I. Quinn.  
Treasurer, R. H. Wright.  
Recorder, J. G. Atkinson.  
Clerk, J. Ledy.  
Sheriff, Sam Wasson.  
District Attorney, P. M. Boller.  
Commissioners, W. Wilson of Pine Grove and S. McNets, of Fish Lake.  
The ticket is considered an excellent one, the candidates being selected from every portion of the county.

## At the Pavilion.

Yesterday saw a large number of new exhibits added to the already overflowing halls. Cut flowers came in quite plentifully, and nearly all the other classes received additional displays. Some of the committees are already at work striving to make a choice between so many meritorious articles. Each succeeding year illustrates the influence and good results of the Fair competitions, in the increased excellence of the work presented. This is particularly apparent in the fancy-work, as well, also, although in a more uncertain degree, in the department of fine arts.

## ADOLPH SUTRO AGAIN.

After an Absence of Several Years, the Old Tunnel Chief Revisits the Scene of His Former Trials and Grand Triumph.

The Virginia Chronicle, of Wednesday, says:

Adolph Sutro, the old original conceiver, locator and executor of the Sutro Tunnel, arrived from San Francisco by last evening's local passenger train. He was accompanied by a daughter and three nieces, one from Boston, one from Philadelphia and one from Baltimore.

They simply came up to take a small run of cursory inspection over Sutro's old stamping grounds and to enjoy the exhilarating mountain atmosphere and water of the Comstock, with its gold and silver reminiscences.

This forenoon about 10 o'clock they took a four-in-hand run down to the town of Sutro, over the grade, presumably becoming the guests of C. O. Thomas, Superintendent of the present Sutro or Comstock Tunnel Company. They were accompanied by Hon. J. A. Stephens, formerly Mayor of this city, and now District Attorney of Storey county, who went along to regulate the legal contingencies of the situation. The proposition was to take in the town of Sutro and surroundings and leaving the team to get back to Virginia they would personally return through the Sutro tunnel this afternoon, emerging at the surface of the Comstock lode through the C. & C. shaft of the Con. Cal. & Va. Mining Company.

At last accounts they were getting along finely, taking the mule power railroad through the tunnel, examining the main points of interest, and a good, healthy dinner or supper was awaiting their arrival in this city. This they will doubtless appreciate, and return to San Francisco satisfied and gratified with their visit and genial incidents of the trip.

A brief interview with Mr. Sutro by a Chronicle representative merely elicited the following:

"Not having been on the Comstock for the last ten or twelve years," said Mr. Sutro, "I naturally take particular observation of changes. But I don't see much except that you and other fixtures are getting older and more dilapidated, with no present showing of improvement."

"I don't seem to remember that the big old tunnel that I waded with so long against the biggest combination of capital ever seen on the Pacific Coast got there just the same. Somebody else might have done the same thing, but they didn't, and I did, and the Comstock mines are reaping the benefit to-day."

"Yes, you are right. It is simply and squarely a drain tunnel, saving nearly 1,700 feet of pumping, and it intersects the Comstock at a very interesting point. No important body of ore has ever been discovered or developed below the tunnel level, but there will be, and please remember that I say so."

"The Comstock lode is no surface vein, but a grand, true fissure of illimitable depth and totally unknown richness. There is plenty room for more bonanzas than have yet been discovered."

"No, I don't own an inch in the Sutro tunnel now and have not for years. I saw that I had better sell out and stay out and did so. Certainly I might get in again, but I don't think just yet."

"About running the tunnel further west, under Mount Davidson, of course you know I always had that in view, knowing that it would pass through a very interesting section of gold and silver ledges, which showed themselves west of the regular Comstock and west of the summit of Mount Davidson—over in Jumbo District, if you please. A very strongly mineralized section of unknown wealth may be intersected by extending the tunnel west and perhaps not very far."

"But the best known resources of the tunnel have not been developed. Long before it reached the Comstock it passed through other well mineralized ledges, notably the Monte Cristo. Drifts north and south, run on that big ledge would surely develop ore that could be made to pay well with the facilities for milling and extraction offered by this tunnel. But here we start out for the river Carson and city of Sutro."

"Dear me; no, no, I'm not nosing around on politics. No aspiration in that line. 'Spose I'd make just as good a Senator or Congressman as any that's gone from Nevada, but I have made my mark here and am proud of it, and like to look at it. If anybody else don't like it, they are at liberty to file their objections."

Sutro has a very wholesome, portly look about him, as though the world had to treat him right anyhow. His hair is considerably grayer than when he ran his little old ten stamp mill on Carson river at Dayton and was trying to develop the Rappahannock and other mines up at Comstock and Palmyra, but his bright black eyes continue to be all right and he still walks with his old style substantial tread. There is only one Adolph Sutro.

## Resolutions of State Officers.

At a meeting of the State officers Tuesday evening the following preamble and resolutions were adopted:

Whereas, The Hon. Charles Clark Stevenson, Governor of the State of Nevada, having departed this life on the 21st day of September, the officers of the State Government and the Justices of the Supreme Court have met in the Governor's office at the State Capitol for the purpose of testifying their appreciation of his life and character. It is therefore

Resolved, That we deplore the death of Governor Stevenson. As the Chief Magistrate of the State, he enjoyed the respect and confidence of the people. He was honest of heart and pure in purpose, and devoted his energies to the conscientious performance of the duties of his high office, and the advancement of the interests of the State.

His official intercourse with his associate officers was characterized by kindness and pleasantness and he received their suggestions and advice upon public matters with patience and consideration, always anxious to ascertain his duty and striving faithfully to perform it.

His fellow officers have lost a faithful friend and adviser, and the State has sustained the loss of an upright citizen and honest and honorable Governor.

Resolved, That we tender to the widow and family of the deceased our sympathy in their affliction, and that a copy of these proceedings be presented to Mrs. Stevenson and the family of the deceased, and that we attend the funeral in a body.

## THE MILITARY REVIEW.

The Annual Inspection of the Nevada State Militia to Take Place To-day at the Fair Grounds.

There will be held to-day at the State Fair grounds the annual review of the Nevada State militia before Acting Governor Frank Bell and staff, consisting of Capt. Gahasha, Col. Thomas, Col. Crosby, Col. Foley, Col. Lee, Lt. Col. Lee, Lt. Col. Boyle, Lt. Col. McCullough. General Borton and staff, consisting of Adj. Holland, Maj. Fletcher, Maj. Brown, Maj. Julian, Maj. Bryant, Maj. Bragg, Capt. Hymers, and Sergt. Borton. General Keating and staff, consisting of Lt. Col. Chamberlain, Lt. Col. Conn, Lt. Col. Westerfield, Lt. Col. Derby, Lt. Col. Eckley, Lt. Col. Gorham, Lt. Col. Stone, Lt. Col. Overton, Maj. Reynolds. The following is a list of the acting Captains: Battery A, Wilson Locklin; Company A, Geo. A. Morgan; Company B, P. J. Dunne; Company C, Frank H. Norcross; Company F, Will U. Mackey.

The following named companies will appear for review and battalion drill: Emmitt and National Guards, and Battery A, of Virginia City; Co. F, of Carson, and Co. C, of Reno. The battalion will be formed on the Plaza in front of the Opera House, and will march thence direct to the Fair grounds.

At the track several panels of fence immediately in front of the grand stand will be removed and positions arranged for the reviewing officers and their staffs. The battalion will march down the track past the inspecting officers, wheel and march past by platoons, wheeling again, and coming to parade rest, with the Emmitts on the right; Carson Guards right center; Reno Guards left center, and National left. The Battery will be at the extreme left and the band extreme right. Co. C will be the color guard.

Five prizes, aggregating \$300, with \$70 as the highest and \$50 the lowest will be distributed to the companies respectively who turn out the largest percentage of men from their September muster rolls.

The military review cannot fail to be a brilliant spectacle, and will doubtless draw an immense crowd of spectators at the track. It will take place at 11 o'clock.

## REPUBLICAN MEETINGS!

## Campaign of 1890!

HON. R. K. COLCORD, Republican Candidate for Governor, and

HON. JAS. A. STEPHENS, Accompanied by

## LOCALITIES.

This will be the big day of the Fair. Joe Jones is in from up North. "Arizona Joe" to-night, and last performance.

For window glass, all sizes, go to Lange & Schmitt.

Don't forget the military review of the State militia to-day.

Deacon Parkinson has been in town several days taking in the State Fair.

R. A. Colcord, Republican candidate for Governor, was at the races yesterday.

Mrs. C. N. Notowarig, of Carson, is reported improving. She is regaining consciousness.

The two candidates for State Treasurer, Jagan and Manson, are having a jolly time together at the Fair.

The Clarendon is a fine hotel in every sense of the word, and A. J. Clark deserves to be well patronized.

The showmen so far have been sufficient to lay the dust agreeably without interfering with the week's programme.

Farmers are complaining everywhere of the great number of grasshoppers which have put in appearance this year.

Go to Lange & Schmitt for heating stoves, cook stoves, ranges and house furnishing goods. Largest variety and best values.

John Hargraves came in from Oregon yesterday where he has been residing since his departure from Reno several years ago.

Do not fail to see the dental exhibit of Dr. Fredrick at the Pavilion. They are complete enough to set one's teeth on edge.

The V. & T. local yesterday morning was crowded with people from Carson and Virginia City, who had come down to view the races.

Maurice May, of Verdi, was yesterday admitted to the County Hospital as a private patient. It is said to think that Maurice is slowly dying.

The unusual sight of an Indian having his boots blacked was a feature on the street yesterday morning. He was doubtless going to the Fair with his fair one.

Yesterday morning as one of the Hayden boys was riding his little pony to the races, it stepped into a hole in the road, breaking the unfortunate animal's shoulder.

Dr. Phillips, of the State University, was at the Fair yesterday with his Kodak, and took a number of instantaneous photographs of the passing animals, among which were several views of the backing horses.

The Republican nominee for Governor, R. K. Colcord, accompanied by Hon. J. A. Stephens and candidates Rising, Forrester, Jagan and Jones, will commence a canvass of the State at Hawthorne, on October 2d.

Arthur Beebe and W. I. Thomas, both experienced plumbers and well known in Reno, have formed a partnership and opened a plumbing, tinning, gas fitting and general repairing store in the Opera House building. Give them a call.

## THE HUMBOLDT.

The Humboldt Reduction Works' Total Loss—The Origin of the Fire Unknown.

The Humboldt Reduction Works were burned to the ground at an early hour Wednesday morning and nothing remains to mark their site but a pile of smoking ruins. The Silver State says the alarm was turned in at 2:30 A. M. when the whole town was aroused by the mill and yard out-goes whistles and the changing of the fire bell. The firemen were on hand with the hose cart as soon as possible, but the fire had made such headway that it was impossible to do anything towards saving the mill, and their efforts were directed to preventing buildings in the vicinity from igniting from the sparks and embers which were flying in every direction. Indeed, though there was scarcely any wind pieces of burning shingles were carried as far as Bridge street, but were extinguished before doing any damage.

The assay office, a short distance from the mill, soon caught fire, and within three quarters of an hour from the time the fire was first discovered both buildings were burned to the ground.

The fire is supposed to have originated in some manner from a spark from the roasting furnace. Superintendent John Ross made the rounds of the mill about ten minutes before the discovery of the fire, when everything was running all right, and he had just stepped across to the assay office when he noticed the flames breaking through the building. The mill was an old structure and as dry as tinder and the flames spread so rapidly that nothing could be saved. About \$5,000 worth of quicksilver, ore, etc., was destroyed.

The mill was owned by Alex. Wise, of this place, to whom the loss is very severe. It had lain idle for a number of years, until last Spring, when it was started up on ore from the Winnemucca mine, and its loss is a calamity to the town as well as its owner in consequence of the number of men thrown out of employment. It was valued at about \$25,000, and was insured for \$10,000.

## Business Houses to Close.

All the leading business houses of Reno will close to-day from 9:30 to 6 o'clock.

## AT THE TRACK.

Another Good Day's Racing—The Largest Attendance of Any Day Yet.

The weather and the attractive programme have contributed much towards the success of this year's races. Yesterday saw the largest attendance at the track so far this season. The grounds and grand stand was literally thronged with spectators, and at times the jam was so great as to become even uncomfortable.

The stock parade was first on the lists in the morning. While it was not so large as it has been formerly, it had enough redeeming features to balance the account. The stallions were, in general, magnificent looking animals. The buggy teams were also good, and several were exceptionally well matched and handsome. The long lines of Holsteins, Durhams, Jerseys and shorthorns were enough to capture the eyes of the farmers, and cause a great many animated discussions as to the respective merits of favorite breeds.

The bronco riding followed the parade, which is described in another column.

## THE RACES.

Vidette won the unfinished race of the day before, although barely beating Flora G. while Rabe came in third. Time 2:29. This gave Vidette and Flora G. two heats apiece. The last heat was won by Vidette, with Flora G. second and Rabe third. Time 2:32.

The first race on the programme was the five eighths dash, Princess, Ferguson, Sunday and Peregrine entered. Sunday was the favorite in the pools and won the dash, with Ferguson second and Princess third. Time 1:03.

In the quarter mile and repeat race Nettie S. Hawthorne, Lou Bet and Sam Flick entered. Nettie S. was the favorite in the pools. Nettie won both heats. Time 1:23.

The trot between Whalebone, Laura Z, Flora G. and Sam Lewis, was won by Flora, she taking the last three heats, and Sam Lewis the first. Time 2:35, 2:33, 2:33, 1:23.

## 10 DAYS' GAZA PROGRAMME.

The ladies' tournament will take place at 10 o'clock sharp. After the ladies' tournament Ed Laird will ride the backing grey horse, her back. At 11 o'clock the grand military display and review will take place.

The first race will be a special, mile heats, three in five, between Keating & Lees fast trot or Frank M., and the three side wheelers, Winslow, Pom River and Belle Button.

Then will be a dash of seven eighths of a mile for the two year olds, Black Bart and Sir Walter.

Then will be a red hot dash of seven eighths between Jessie Shannon, Vinco, Jackson, Princess of Norfolk and Rolly Bolly.

## WILD HORSE RIDING.

Jim Raiser Gives a Few Points—Some Fall Backing.

The bronco riding was as usual a drawing card yesterday morning at the State Fair. The grand stand was crowded with ladies and the ground was covered with the forms of the men moving restlessly about. Immediately following the parade of live stock the wild broncos were driven on the grounds this time already lassoed, as they had before evinced a too strong inclination to leap the fence and waste time in being chased about the enclosure. Charley Roberts secured as before a tough customer, but rode him well. Ed Laird followed with another which he subdued after some lively bucking.

Charles Perry was to have ridden the next animal, a grey, whose general appearance, to the experienced eye of the cowboy indicated a terrible buck. After saddling the animal Charles Perry claimed to be sick and refused to mount. Volunteers were called for and a quiet looking man, who had all the time been an interested observer of the proceedings, came forward. He was Jim Raiser, reputed to be the best rider on the Pacific Coast. He was greeted with cheers. Without wasting any time, he saddled and bestrode the bronco, removing the blind. Then ensued some of the most tremendous bucking that had yet been executed. The horse strove heroically to unseat his rider, but it was of no avail. It was snubbed against the Old Man of the Mountain. The next animal was nearly frightened to death when its turn came to be mounted. John Hopp, a new vaquero, succeeded without trouble in riding it. The sufferings of the animal were regarded with considerable commiseration by the spectators.

At the close of the riding, Ed Laird volunteered to ride bareback a wild steer, which was accepted and will take place to-morrow at 11:30.

## Keene.

The eminent tragedian Mr. Thomas W. Keene will be the attraction at the Opera House on next Saturday evening, when Bulwer's great play of Richelieu will be presented. In this character Mr. Keene's impersonation is peculiarly his own. In fact, he has poured into the conception of the character of Armand Richelieu a spirit of patriotism which dims every fault of cunning, treachery, deceit and unscrupulousness, and makes it as it was born in Bulwer's mind, the very embodiment of a love of country. Mr. Keene's Richelieu is the Richelieu of history, culminating the deprecability. Mr. Keene's Richelieu deserves a place in dramatic history as perhaps the most scholarly and best interpreted conception on the stage to-day. It is fiction, but it is the very grandeur of fiction and that is what Bulwer intended it to be. The sale of seats are now open at O. H. Perry's.

## Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

## AT AUNTIE.

The Metal of the Future.

The Winnemucca Silver State has this As wire as electricity is the motive power of the future, so wire is the metal of the coming age. In our issue of the 20th instant we published an article on the wonderful metal. That article attracted the attention of Prof. W. L. Thompson, who is on his way to Willow Creek to start up the mill he built about two years ago and who dropped into our office on his way thither. Speaking of aluminum he exhibited a nugget of about five ounces of that metal which he had produced from clay. It was as white as silver, soft as silver, but softer in its silvery brightness, more malleable, more ductile, lighter and far less liable to oxidation. He said he had been working for about three years on the production of cheap aluminum and had made most encouraging progress. The Professor said he had reduced the cost from \$3 per pound to about 75 cents and hoped to bring the figure of 25 cents per pound. He hoped to be able to resume his experiments soon as he gets through his labors at Willow Creek. We wish him all success in both his undertakings. To the persevering and energetic efforts of such men the advancement of the civilization of our age is undoubtedly much indebted and they ought to be encouraged.

## Be Sure

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

## To Get

"In one store where I went to buy Hood's Sarsaparilla, the clerk tried to induce me to buy their own instead of Hood's. He told me their would last longer, that I might take it on ten days' trial, that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, was satisfied with it, and did not want any other."

## Hood's

When I began taking Hood's Sarsaparilla I was feeling very miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mrs. ELIA A. GORR, of Terrace Street, Boston.

## Sarsaparilla

Sold by all druggists. Be sure for 100 Doses One Dollar.

Wanted, by an experienced girl cooking and housework on a large ranch. Leave address in this office. sep26/1w\*
